

EVEN SKIN RESTORED

REVEAL YOUR MOST EVEN, YOUTHFUL RADIANCE.

Nine out of 10 women said they'd switch to NIVEA PERFECT & RADIANT*. NIVEA has conducted extensive research on its new facecare range designed for all African skin types. Read why this smart, yet simple skincare routine delivers without compromise and meet two progressive women who put it to the test – and are convinced.

If you've got problems with blemishes, dark marks or uneven skin tone, NIVEA PERFECT & RADIANT is the right range for you.

The advanced formulation, containing NIVEA Eventone Pure Active® and SPF15, works in harmony with your skin to restore the even skin tone of your youth and protect your skin from further damage.

Depending on your skin type, use either PERFECT & RADIANT for all skin types or oily skin. For best even tone results, use the full range: cleanser, moisturising day cream SPF15 and night cream. **For more information, visit: www.nivea.co.za**
